One Plaintiff's statement says:

"We would like to sue Google on behalf of ourselves and the hundreds of millions of American's Google has lied to, manipulated, defrauded and cyber-stalked. Google is pulling strings to blockade our legal right to have our case heard in front of a jury. Over 400 Google employees were placed inside of state and federal offices in order to try to shut down any disclosure of Google's corrupt and illicit actions. This is not theory. We have the names and HR data for each person and we will display it in the court room. Google has expended tens of millions of dollars to attack us and to try to intimidate law-firms in order to slow our effort towards justice.

"That is not how America works, Google. You do not get to commit these crimes and get away with it Larry Page, Eric Schmidt, Jared Cohen, John Doerr, David Drummond and your other corrupt billionaire buddies!"

We have two sources of proof of these criminal actions by Google owners, executives and investors.

- 1.) We have witnessed and experienced Google engaging in these crimes.
- 2.) Recent document leaks and whistle-blowers have confirmed these crimes by Google.

We have been advised by federal law enforcement, community legal groups and Constitutional law experts that we are entirely free to use any legally obtained evidence that we find in public view. It does not matter if it comes from DNC insiders, Wikileaks, Google's own employees, or Russian diplomats. It is now entirely legal for us to use anything we legally find on the internet or in public statements. We will use such materials in this case.

In fact, though, we do not need any more evidence than what we already have **from first-hand knowledge**, to put Google senior staff in prison. We know what will be confirmed in some of the upcoming leaks. Those leaks will only serve to double-down on the criminal and civil charges we have already made against Google. We have filed thousands of pages of evidence with the FBI, GAO, FTC, SEC, FEC and other law enforcement and regulatory agencies.

Google, YouTube, Alphabet, Jigsaw, In-Q-Tel, and all of their various front organizations, are controlled by the same people with the same bizarre agenda operating under bribery and payola schemes with famous politicians. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Our state and federal confirmed filings, our U.S. Patent records, the published news items and hundreds of signatories on our NDA's say that we built the first Google free-services-search website that the current Google copied. The people who launched the company you know as the current Google came to look at, and copy, our "original Google". We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google, and a company called Kleiner Perkins, have a campaign payola deal with White House executives. This deal trades search engine rigging for Cleantech "green money" handouts ordered up by White House staff from various state and federal agencies. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google has a contracted relationship with non-Congressionally approved rogue groups, like In-Q-Tel, Media Matters, Sid Blumenthal Group and New America Foundation; who use U.S. treasury funds to attack competitors. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Larry Page, Eric Schmidt, Ann Wojcicki and Sergey Brin did not build the first Google, they stole the technology from others, particularly us. Google, particularly the three founders, steal their technology. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

We are Google's competitors that Google violated anti-monopoly and anti-trust laws against by operating Google as a "Cartel". We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google has paid money to Gawker Media and Gawker Media has paid money to Google. We can prove it in court! News reports, Congressional and law enforcement reports already prove it. Google and Gawker Media have a series of quid-pro-quo relationships which provide for the mutual deployment of character assassinations of their business and political enemies. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google's lawyer, and other Google associates, work in and control the U.S. Patent Office for the protection of Google patent territory. Google's patent staff took vendetta actions against us on orders from Google bosses. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google bosses have demonstrated a lack of morality by the vast number of sexual scandals they have been involved in. This indicates a higher-than-normal predilection, by Google bosses, to engage in criminal and illicit activity. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google has always had, and today fully has, total control over the text, links, results, adjacent results and all positioning of each and every Google search result and mnemonic impression and Google selectively adjusts those results in order to harm competitors and political adversaries and hype investor friends and partners like Elon Musk. Google lied to government regulators, in multiple nations, when Google stated that executives had no control over Google results. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

We, our legal representatives, and others, sent hundreds of communications to Google asking Google to stop harassing, cyber-stalking and search engine locking attacks against us. Google refused to comply with attack reduction and, in fact, increased the attacks against us mentioned herein. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google receives operational orders from White House campaign financiers and those communications are recorded in emails and phone calls. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google stated on the record that it's search results change every few hours yet Google locked each attack they coordinated against us on the same top lines of the front page of Google, around the globe, for over five years without any shift in placement. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google meets the legal definition as an organized crime RICO-violation illicit "Cartel". We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google bribes politicians to get Google's owned politicians to harm Google's competitors. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

We placed thousands of server sensors in different ISP's in different locations around the entire internet for extended periods of time in order to catch Google rigging the internet and did, in fact, catch Google rigging the internet. Others have emulated these tests and also caught Google rigging internet results. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google rigs the internet to hide misdeeds and company failures by Elon Musk while, concurrently, pumping up and hyping cover stories to hide those misdeeds because Larry Page and Elon Musk are best boyfriends and Google owns parts of Tesla and Tesla battery suppliers. We have an internet tracking record from 2007 to today, comparing the daily results for Tesla and Elon Musk, vs. the top 15 global search engines vs. pro and con news on each. The results on Google were rigged by Google. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google has received billions and billions of U.S. Treasury money that were exclusively provided to Google on a quid-pro-quo basis by politicians that Google financed. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google owns corrupt lithium mining interests along with Elon Musk. That is why a common search engine company is also building electric cars. Google and their partner, Elon Musk, do this in order to scam tens of billions of taxpayer dollars from DOE and DOT exclusive White House ordered government hand-outs. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google pumps marketing hype for stock market pump-and-dumps which inure exclusively to Google investors and against Google enemies. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

Google sabotaged and circumvented our government funding and rerouted it to Google. We can prove it in court! News reports, Congressional and law enforcement reports already prove it.

There is much more factual data and evidence sets that, upon becoming public knowledge, will prove that White House staff and U.S. Senators are running cover-ups in order to protect their insider scam deal with Google, rig election perceptions and search results, and run Google as a “protection racket” using taxpayer resources.”

The Tsunami of leaked documents are coming fast and furious and some of the biggest shockers are promised on the morning of November 8th!
